VISAGLAZE JOINERY

Hardwood timber windows & doors

Bespoke joinery in hardwood, European oak and Sapele — made to suit the house, and installed by Visaglaze.

Choose your timber

Each timber has its own grain, colour and character. We'll help you choose the right one for the house and the finish you want.

Rich hardwood

Dense, strong and hard-wearing. A dependable choice for painted windows and doors that need to stand up to the weather for decades.

European oak

Fine, distinctive grain and warm natural tones. Usually left natural or lightly stained, oak mellows beautifully with age.

Sapele

A reddish-brown hardwood with a fine interlocking grain. It takes stain well and deepens in colour over time.

Why timber?

Right for older houses

Keeps the proportions and detail of period properties; often the best choice for listed buildings and conservation areas.

Warm and quiet

Wood is a natural insulator. With modern double or triple glazing, timber windows keep heat in and noise out.

Sustainable

Responsibly sourced timber is renewable, low carbon, and can be repaired and refinished rather than replaced.

Timber windows

Flush and storm-proof casements, sash windows, square and curved bays, leaded lights and stained glass — matched to the age and style of the property.

- ✓ Flush and storm-proof casement windows
- ✓ Sash windows
- ✓ Bay and bow windows, including curved bays

- ✓ Leaded lights and stained glass
- ✓ Georgian glazing bars
- ✓ Arched and gothic-headed windows

Timber doors

Front and entrance doors with side lights and fanlights, French doors, stable doors and side-hung or folding garage doors in oak, Sapele or painted hardwood.

✓ Front and entrance doors

✓ Side lights and fanlights

✓ French doors

✓ Stable doors

✓ Side-hung and folding garage doors

✓ Multi-point locking and quality ironmongery

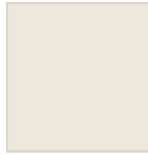

Finishes and glazing

From clear and natural stains to paint in any colour, inside and out, with glazing chosen for warmth, security and character.
